

Press Statement

December 28, 2021

The Lewiston Public Works Department is announcing a January 19, 2022, virtual public meeting regarding Main Street improvements.

The virtual meeting will commence at 6 p.m., and the link to join the meeting is: <https://www.lewistonmaine.gov/2022MainStreetImprovements>

Planned improvements of Main Street from the James B. Longley Memorial Bridge to the intersection of Strawberry Avenue will be discussed. The work will include pavement resurfacing with sidewalk and ADA ramp improvements. This is a locally administered Maine DOT project with state and federal funding.

During the virtual meeting, various presenters will review preliminary recommendations for the project, listen to concerns, receive comments, and answer questions from anyone with an interest in the project. Any inquiries regarding this project may be directed to Jeff Beaulé, PE, City Engineer, City of Lewiston, 103 Adams Avenue, Lewiston, ME 04240. He can also be reached at jbeaule@lewistonmaine.gov and at (207) 513-3077.
