## Inspection Notes

Certified Food Protection Manager: Cheryl Lacey exp. 1/5/22 David Perreault exp 1/5/22

Unless directed otherwise, all Eating Establishments are required to submit a copy of their Certified Food Protection Manager (CFPM) certificate. A CFPM must be hired at the time of a new eating establishment opening or within 60 days of when a CFPM leaves employment. For a list of CFPM courses and trainers go to <http://www.maine.gov/healthinspection/training.htm>

Please provide a copy of this certification(s) to Carol Gott, Health Inspection Program, 286 Water St. 3rd Floor, Augusta, ME 04333, [carol.gott@maine.gov](mailto:carol.gott@maine.gov) or faxing to 207-287-3165.

Please include the name of your establishment and the establishment ID# with your certification(s).

Employee Health Policy:

The Health Inspection Program has implemented an educational public health initiative on Employee Health on March 1, 2017. The policy handouts will be provided to you by your inspector and reviewed during inspection for compliance. They are also available on the Program's website: <http://www.maine.gov/healthinspection>

2013 Maine Food Code Adoption:

The Maine Food Code was adopted in October of 2013. Please refer to our website for a copy, <http://www.maine.gov/healthinspection>. Following are a few of the major changes: \* No Bare Hand Contact with Ready-To-Eat Food. \* Establishments must have clean-up procedures for employees to follow following vomiting and diarrheal events. \* Date marking of Ready-to-eat potentially hazardous foods.

Violation Correction Timeframe:

Critical violations should be corrected on site, but in any event, within 10 days. The licensee must contact Louis Lachance when the critical violation has been addressed at 207-513-3125 extension 3224 or at [llachance@lewistonmaine.gov](mailto:llachance@lewistonmaine.gov). Non-critical violations must be corrected within 30 days. Failure to satisfactorily correct these violations before the follow-up inspection may result in enforcement proceedings by the Department to include fines and penalties. License renewals can be denied if violations are not corrected within the noted timeframes.

C= Critical violation and NC= Non-critical violation:

"Critical violation" means a provision of the Food Code that, if in non-compliance, is more likely than other violations to contribute to food contamination, illness or environmental health hazard.

Additional Inspection Fee:

License fees provide for two inspections per year. When additional inspections are required, the Department may charge an additional \$100 fee to cover the costs of each additional inspection or visit.

Document Retention/Posting:

Pursuant to the Maine Food Code, the establishment's current license must be displayed. In addition, a sign or placard must be posted in a conspicuous area notifying consumers that a copy of the most recent inspection report is available upon request. CFPM certificates must be posted in a conspicuous area and must be available to the Department upon request.
