Background

In 2019, the City of Lewiston approved the Growing Our Tree Streets neighborhood transformation plan, a comprehensive plan developed by Healthy Neighborhoods and generated by a range of neighborhood stakeholders and with resident voice at its center. The City of Lewiston is recipient of a Choice Neighborhoods Planning and Action grant from the Department of Housing and Urban Development to begin implementing the plan. This grant includes support for physical neighborhood improvements that enhance and accelerate the neighborhood's transformation,

including several public art installations on publicly owned vacant lots in the Tree Streets Neighborhood.

Budget

Project budgets of up to \$25,000 will be considered. To promote continuity and durability of the mural, the Artist shall provide the paint and protective finish. A budget proposal must cover all design, fabrication, transportation, documentation, insurance, and installation expenses, including any equipment required.

The Commissioned Artist(s) will be required to provide evidence of liability, property damage, and workers' compensation insurance listed below while working on the site.

Liability

The City will require a liability waiver given the installation being on private property from the selected artist upon execution of a contract. The waiver will indemnify and hold the City of Lewiston, volunteers, employees harmless from any and all claims, costs and liabilities for any artwork damage, personal injury, death, or other property damage which is the result of creation, handling, and displaying the artwork.

Project Intent and Location

The mural should be designed to welcome and attract the public to the downtown commercial and/or residential district. The mural may not explicitly advertise discrete organizations, businesses, individuals, or products. Applicants are encouraged to consider themes identified by downtown neighborhood stakeholders as particularly relevant to the area: growth, revitalization, trees, community connections, transformation, diversity, creativity, healing, hope, heritage, family, and/or past or present community cultures.
