Bid No. 2022-042
Kennedy Park North Gateway
June 24, 2022

ADDENDUM NO. 3

Questions received during the open period:

- 1. Similar to the Mike McGraw Park project this Kennedy Park project is calling out hardwood mulch. We are having trouble finding this and the closest supplier was in New Jersey that supplied it in bags. Will the City of Lewiston accept an alternative?*

Yes, the City of Lewiston will accept an alternative to hardwood mulch but it must be comparable in material. Straw, sawdust, compost, pine needle, and grass clippings are examples of materials that ARE NOT acceptable alternatives. A red colored mulch IS NOT an acceptable alternative. A dark colored softwood blended mulch, such as pine and spruce, is an acceptable alternative.
